Welcome to Frickley 2023

A warm welcome to Frickley Park, for what is a very busy, yet exciting, fixture. It is great to see a huge range of classes at Frickley, from BE80 to International 3*, with some of the best riders and horses in the country tackling our XC courses.

It is also a very warm welcome to all the grassroots competitors who have travelled from across the country to compete in our various Regional Final classes. We have been supported by a great range of sponsors, the benefits of which we have been able to pass in the form of some great prizes from BE80 level through to our 3* class.

As ever the Frickley Estate staff have been working hard for weeks on preparing the site for the event and our XC builders have put on great looking tracks. We are thankful to Jayne and Charlie for their never ending commitment to our sport. Despite the unpredictable and extreme weather of the last few months, all the tracks and arenas have had the benefit of the latest ground preparation to provide the best going possible. We have also opened up new areas of the parkland, as we continue to develop venue for the sport of eventing.

We would also like to thank all our amazing volunteers for giving up their time this weekend to allow us to enjoy our sport – without them, none of this would have been possible. We have some volunteers who are helping out, free of charge, over all three days, which is a huge commitment and for which we are deeply grateful.

Please could you take a few moments during your time at Frickley to thank all our volunteers.

We hope you all have a great and enjoyable time at Frickley.

Organisers – Vanessa Fleming, William Buck, Charlie Warde-Aldam

The Team at Frickley Park International Horse Trials would like to thank all of our kind sponsors for their support.

Working for the countryside over the last 150 years.

Savills was founded as a rural surveying business over 150 years ago. We have succeeded because we identify with the lives and objectives of our clients. They know what they would like to achieve. Our role is to help them achieve it, however ambitious it might seem.

BLOOMFIELDS HORSEBOXES

WWW.BLOOMFIELDS.CO

Event Health & Safety Statement

General

1. The Event Organisers, William Buck and Vanessa Fleming, have overall responsibility for the health and safety and appoint a Health and Safety Steward, Mark Chambers, to ensure that all applicable Health and Safety obligations are complied with and to seek to ensure the health, safety and welfare of all competitors, spectators, helpers, volunteers and horses.
2. The Organisers undertake to run the event in accordance with all British Eventing (BE) rules and guidance.
3. The Organisers have undertaken to ensure that all Chief Stewards appointed by them have received, read and understood the relevant guidance to ensure that they are aware of the rules, requirements and standards that relate to their area of responsibility.
4. Everyone on site must comply in full with all guidance provided by British Eventing relating to eventing during the Covid-19 pandemic (details available on the British Eventing website). Any failure to comply with any of the guidance will result in individuals, including competitors, being asked to leave the site immediately.

Officials

1. All officials, judges and stewards are briefed in their duties and provided with the relevant equipment to carry out those duties.
2. All officials, judges and stewards are required to immediately bring to the attention of the Health and Safety Steward, and all BE officials on site, any concerns they have, whether to competitors, members of public, other officials and horses.
3. All officials, judges and stewards must conduct themselves in a matter not to put themselves or any one else at risk and to maintain control in all areas in which they are operating.

Event Health & Safety Statement

4. The BE officials and the Health and Safety Steward are required to ensure that all judges, officials and volunteers are properly briefed as to their duties and are properly equipped and supervised.

Attendee Safety

All reasonable and practical steps have been taken to ensure the health, safety and welfare of all those attending the event, so far as is reasonably practicable. In any event:

1. All attendees are encouraged to read in detail a programme which provides details of the event, timetable and routes of cross country courses.

2. All attendees should be aware of the potential for movement of horses (at speed) without warning and at any location at the event. It is essential that all spectators (without exception) do not walk onto any course or into any arena, and only use stringed and signed crossing points.

3. All attendees must be alert to whistles and PA announcements and pay attention to the same immediately.

4. Due to ground conditions and potential weather conditions, ground conditions will make it difficult for attendees to move around freely and easily. Care must be taken at all times. Spectating is therefore not advised for any one with a medical condition, including any restrictions to movement.

5. The Organisers and Frickley Park Limited are not responsible for any loss or damage caused (except personal injury) caused by any event or default, unless the same has been caused by the fraud or gross negligence of the Organisers and/or Frickley Park Limited. Such limitations of liability include any liability for loss arising from damage or loss of property.

Event Health & Safety Statement

Continued

6. No fires or any type are permitted on any part of the Event and all dogs must be kept on a short lead at all times. Any breach of this requirements will result in the responsible individual being asked to vacate the Event immediately.

Contractors

All contractors are required to observe best working practices at all times and comply with all applicable legislative standards (and standards of recognised best practice).

Emergencies

1. The event provides doctors, ambulances, vets and fence repair personnel during the course of competition. If any of the same are required, please contact an official immediately and an appropriate response will be provided immediately.

2. In addition, emergency personnel outside of the Event can be called upon as required, and if no adequate response is provided from the Event, external resources (including 999) should be called without hesitation. If such external resources are called upon, please ensure that Event officials are informed as soon as possible.

Horse Trails 2023

savills

The Equine Water Treadmill with optional incline is a highly effective full body workout, improving joint flexion and suppleness through the back, increasing stride length, and encouraging the horse to sit back and work correctly.

It also improves cardio-vascular fitness, muscle tone, top line, stamina, strength and balance whilst the horse enjoys a variety in their work.

The Water Treadmill is an integral part of many rehabilitation programmes as it reduces any weight bearing stress on the joints and soft tissues as well as using cold water therapy, increasing recovery time and also minimising the risk of future injuries.

All horses are welcome, from happy hackers to top competition horses alike.

Openfield™

Seed, fertiliser, grain, storage.

The Openfield Partnership: More than just grain.

Premium products and services to
help get the best for your business.

As one of Britain's most successful co-operatives,
we're committed to putting our members' needs first.

Our range of innovative and flexible marketing tools are designed to help you manage risk and enhance your crop values. We also provide storage facilities, a wide selection of seed varieties and the best-quality fertiliser.

Join us today. Call your local Farm Business Manager on 01937 848 100.
